

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is against federal law and is totally unethical. Since you use the public airwaves free of charge, you are obligated to serve the public interest. You either need to drop this obviously partisan, pro-Bush program completely or show a pro-Kerry program such as "Going Upriver" immediately before or after it.

I watched an excellent show last night on our local PBS station. It chronicled the lives Bush and Kerry through the years. It was excellent and very neutral as far as the election. You could also talk to PBS about how to obtain that program. Please don't interfere with the election process by abusing your media license. Thank you.
